

Denise Walker, Assistant Head Senior

Denise is from the North London area where she was educated in a local school before completing her BSc (Hons) degree in Chemistry at the University of St Andrews. Denise completed her PGCE in the Leicestershire area and her MSc at the University of London. She has taught all Science disciplines for over twenty years' with Chemistry remaining her significant focus.

Denise has taught in independent schools in the Hertfordshire area where she has held a number of responsibilities before joining Abbot's Hill School in the Summer Term 2011 as Head of Science. She is a committed Scientist and has published twelve books with Evans Brothers aimed at looking beyond the curriculum for KS3 pupils. Denise has been an A Level examiner for both Biology and Chemistry and always seeks opportunities to challenge pupils through an exciting and enthusiastic approach in lessons.

She is married to Gary and has one daughter who is a pupil in Abbot's Hill Prep. She is an avid explorer and is a qualified assessor for Duke of Edinburgh Gold expeditions which has taken her to some stunning locations in the Pyrenees, Los Picos de Europa as well as the Italian Dolomites.
